# Course Overview

This course is designed to equip educators with the knowledge, strategies, and tools needed to foster inclusive education and implement innovative teaching methods in diverse classrooms. Participants will explore best practices for creating an inclusive, supportive, and motivating learning environment, particularly for students from socially vulnerable groups. Throughout the five-day program, educators will learn how to enhance social-emotional skills, adapt teaching strategies, and utilize modern educational technologies to cater to the needs of all learners. The course integrates interactive methodologies, case studies, and real-world applications to provide a hands-on learning experience.

By the end of the course, participants will be able to implement effective inclusive education strategies, strengthen their classroom management skills, and promote equal learning opportunities for all students.

Additionally, they will explore European best practices to improve their teaching methods and create more engaging and inclusive classrooms.

This course is ideal for teachers, school administrators, education professionals, and policy-makers seeking to enhance their understanding and application of inclusive education practices.

## Course Objectives

- Gain knowledge of the fundamental principles of inclusive education and its role in modern teaching.
- Identify and address barriers faced by socially vulnerable students to ensure equal learning opportunities.
- Develop strategies to promote a supportive and motivating learning environment for all students.
- Enhance social-emotional learning (SEL) skills among students to improve their well-being and engagement.
- Explore and implement interactive teaching methods and technologies to support diverse learning needs.
- Analyze European best practices in inclusive education and adapt them to their own educational contexts.
- Improve collaboration between teachers, parents, and the community to support inclusive learning.
- Apply practical techniques to create an inclusive and innovative classroom environment.

# Learning Outcomes

- Understand the key principles and benefits of inclusive education in diverse learning environments.
- Apply effective teaching methods to support students from socially vulnerable groups.
- Develop strategies to foster social-emotional skills in students and enhance their well-being.
- Utilize interactive and technology-based teaching methods to create engaging learning experiences.
- Create a supportive and motivating classroom environment that promotes inclusivity.
- Analyze successful European best practices in inclusive education and adapt them to their own educational settings.
- Implement school-wide inclusive education strategies to promote equal learning opportunities for all students.

## ***Duration:***

5 Days

## ***Language:***

English

## ***Schedule:***

The time of classes, can be in the morning or afternoon depending on provider's availability.

The schedule may vary considerably based on participants' preferences and the trainer's discretion regarding any modifications.

## ***Certificate***

A certificate of attendance will be issued to all the participants at the end of the course.

## ***Other Services***

We offer accomodation, transport from the airport and back, local transport and cultural visits. Get in touch with us for more details.

# ACTION TRAINING

## Day 1

### ***Introduction to Inclusive Education***

- Basic principles of inclusive education
- Understanding diversity in the classroom
- The role of educators in fostering inclusion
- Legal and ethical aspects of inclusive education
- Challenges and opportunities in inclusive learning environments

## Day 2

### ***Strategies for Working with Socially Vulnerable Students***

- Methods of working with students from socially vulnerable groups
- Identifying learning barriers and support strategies
- Differentiated instruction techniques
- Collaboration with parents and community stakeholders
- Case studies and successful models of inclusive education

## Day 3

### ***Social-Emotional Learning and Student Well-Being***

- Development of social-emotional skills in students
- The impact of emotional intelligence on learning
- Creating a positive and motivating classroom atmosphere
- Conflict resolution and peer mediation strategies
- Mental health awareness and student support systems

## Day 4

### ***Interactive and Technology-Based Teaching Methods***

- Use of interactive methods and technologies in learning
- Gamification and active learning approaches
- Digital tools for inclusive education
- Blended learning and personalized instruction
- Assessing and adapting technology use in classrooms

## Day 5

### ***European Best Practices and Implementation Strategies***

- Examples of good European practice in inclusive education
- Integrating European methodologies into local contexts
- Teacher training and professional development
- Developing school-wide inclusive policies
- Program evaluation and future planning
