COURSE OVERVIEW

This course is designed to help teachers and education professionals unlock and nurture creativity in both teaching and learning. Participants will explore practical methods to inspire imagination, encourage curiosity, and develop innovative thinking among students. By combining hands-on activities, reflection, and collaborative exercises, educators will learn how to integrate creativity across different subjects and create stimulating classroom environments where ideas can flourish.

COURSE OBJECTIVES

By the end of this course, participants will be able to:

- To understand the importance of creativity as a key competence in education.
- To explore techniques that stimulate creative thinking and problem-solving.
- To design engaging and imaginative classroom activities.
- To develop a mindset that values experimentation, flexibility, and innovation.
- To integrate creative processes across the curriculum and within school culture.

LEARNING OUTCOMES

After completing this course, participants will be able to:

- Participants will gain strategies to promote creativity in their classrooms.
- They will design activities that encourage curiosity and imagination.
- They will use creative tools and approaches to foster active learning.
- They will help students build confidence in expressing ideas and taking risks.
- They will contribute to a school environment that celebrates innovation and originality.

DURATION:

5 Days

LANGUAGE:

English

SCHEDULE:

Monday to Friday

09:30 – 14:30
5 hours per day

OTHER SERVICES

- Beach front accommodation
- Airport transfers
- Local transport
- One day trips
